Only 44 on Poor Farm.

Jasper county has fewer inmates of the almshouse than any county of the same population in the state. At present there are only 44 people in the poor farm.

Out of the number there are four cripples, 10 half witted, 16 of old age, 2 sick, and the balance are physically disabled in some way to prevent them from making a living for themselves. Six of the inmates have been at the farm nearly their entire lifetime.

Nearly everyone there is given some kind of employment that keeps them busy all day. Several acres of land is kept cultivated by the paupers and furnishes a large per cent of the food used at the farm. Garden truck, such as vegetables and potatoes are raised in large quantities and each man is given a certain piece of the garden to keep up.

There are a few of the men whom it is necessary to watch constantly while they are working or they will wander off and dig up the plants. There are others who can do their work as well as anyone else and keep their patches well worked.

Few of the female inmates are able to work, for nearly all are too old and feeble to walk out of their rooms unassisted. Those who are physically able are kept busy washing and cooking.

There is one old man who has only been at the poor house a short time. He is well educated and writes a plain hand. He is kept busy keeping the books for the warden. He answers all the correspondence and is often left in charge of the farm.—Joplin Globe.

J. M. Earp and family of Lamar visited with Mr. and Mrs. J. D. Harbur Sunday.

Get a Business Education.

It's the specially trained person who goes to the top in this day and age. Fit yourself to fill the demand for specialists by attending a business college, young man or woman. The News has a life scholarship in Draughon's Practical Business College at Springfield, Mo. [good also at any of Draughon's thirty-one other business colleges] that can be had very cheap for cash. We will also secure for the purchaser cheap boarding rates. In some cases it is possible for the student to go the entire term with no expense at all.

The scholarship we hold is good for the full course in either book-keeping or shorthand and type-writing. See us at once. This offer will not be open long.

We also have a three months life scholarship in Central business college at Kansas City, valued at \$30 and good in either of the above mentioned courses. If taken at once it can be had for exactly half price. If a longer course is desired this scholarship counts as \$30 it payment thereon.

A badly needed rain fell Tuesday, and there is rejoicing among the farmers. The dust was getting pretty bad and the wheat was beginning to show the effects of the long dry spell. Some were afraid of a rain, fearing it would bring frost in its wake, but Wednesday morning was almost as warm as if nothing had happened. Things will "break their necks" growing if the summer weather continues for a few days.

Mr. and Mrs. Eli Scott very pleasantly entertained the "Five Hundred" club Friday evening at their home on north Main. Ice cream and two kinds of cake were served at the card tables. Club members present were Messrs. and Meses. Deardorff, Roberts, Wolf and Cozatt. Guests were Meses. Shoemaker and Roberts and Mr. Hackett.

We don't want to seem pessimistic, but please remember that it was on the 30th day of April, 1909, that we had the frost that did the business.

PUBLIC SCHOOL NOTES.

Commencement and Baccalaureate Orators Chosen.—Record-Breaking Class.—The "Mirror" in Press.

Prof. Buchanan, superintendent of the Joplin schools' has been chosen by the senior class of Jasper high school to deliver the annual commencement address. Rev. Trolley, pastor of the Baptist church at Carthage, will deliver the baccalaureate sermon. Both men are speakers of exceptional ability, and the class considers that it has made a ten-strike in securing them.

The graduating class this year is by far the largest in the history of the. Hitherto, the largest class ever graduated was seventeen. This year there are twenty-seven, a creditable class for a town ten times the size of Jasper. Moreover the class is not merely strong in numbers; it is said to be individually and collectively one of the capablest classes that ever left the school.

A recent canvas showed that a very large per cent of the graduating class intend to teach—about sixteen in all. In the other classes the per cent is nearly as large, being about half. If all make good Jasper High is apt to be pretty well represented in the pedagogic ranks in the next few years.

Commencement week is April 24th to 29th, beginning with the graduating exercises Friday. The senior play, "Captain Racket" will be given April 15.

The "Mirror," the high school souvenir publication, is now in press at the News office, and will probably be issued the week preceding commencement. Interest in this publication is so great that it has twice been necessary in the past week to increase the number of books ordered, and at that the demand will certainly not be filled. As part of the book is now already printed the order cannot be increased again, and nearly every book is already spoken for. Parties desiring to engage books should at once deposit 35c in cash with George Earl or with the News. In case it is necessary to mail the book, add 10c for postage.

The names of the 1910 graduates follow:

George Earl, Robert Goodell, Stella Thomas, Bertha Tiller, Roy Bowers, Charley Thomas, Martha Mooter, Ida Thomas, Ceola Mackey, Myrtle Lukens, Maude Rice, Grace Rice, Jessie Zinn, Vita Dodd, Olis Owings, Carl Ballard, Virgil Carter, Lonnie Strecker, Ida Teeter, Myrtle Mackey, Oma Webb, Carrie Probert, Inez Little, Edna Gresham, Adelaide Teter, Mary Curtis and Bertie Hatfield.

Easter Sunday wasn't by any means an ideal day for the display of spring bonnets, but the fact didn't deter the bonnets from being shown, nevertheless. It never does. A year ago Easter was about the windiest day ever known in these parts and the bonnets were out just the same. We remember this vividly because that was the day our new hat blew away.

Mr. and Mrs. C. E. Vantrees left Jasper this week for Butler, which will be their home for the present. Mrs. Vantrees will spend a week with her father at Dadeville before joining her husband at Butler. Mr. and Mrs. Vantrees lived in Jasper only a few months but have made many warm friends here to whom their departure is a matter of great regret.

Morning Headache

"I suffered with terrible headaches. It would get up every morning with such a severe attack, and until I began using Dr. Miles' Anti-Pain Pills, never found anything that would give me the desired relief. I have used them now for several years, and would not be without them if they were a dollar a box."
